

DATING GUIDE FOR MEN AND WOMEN: Latest TIPS & TRENDS and Must-know DOS and DONTS in Dating, including ONLINE DATING Anne Nemo is a best-selling writer who has used her education in psychology to provide services as a relationship coach. This honest, thought-provoking and relatable how-to guide includes the authors real-life dating experiences and tells it like it is. Dating has definitely changed, so its good to know what youre up against! ABOUT ME AND THIS GUIDE I am a SWF internationally published writer who holds two degrees, one in behavioral psychology, and I have volunteered as a relationship coach to women in need. Thatâ€™s not why I felt compelled to pen this guide. I feel I have relevant input and that many how-to books on dating miss the point and confuse the issue. This booklet strives to fulfil two purposes: To offer honest pointers for men, such as vital tips on grooming and foreplay; and also helpful insights for women as relate to the world of dating, based on personal experience, extensive research, and common sense. Topics addressed include: â€œHow can I score a date with a woman I like?â€• â€œHow can I tell if a man is seriously into me?â€• â€œWhat can I do to improve my online dating success?â€• â€œWhat are the signs that a man is a loser?â€• â€œWhat do women secretly want?â€• â€œWill he call?â€• â€œShould a man always pay for dates?â€• â€œShould I go bare down there just because he wants me to?â€• â€œWhat if I canâ€™t perform on the night?â€• â€œWhere is the best place to meet my future spouse?â€• And moreâ€! The content of this guide is from the perspective of someone in the trenches and not on the benches, and so the information is real and raw, and not clothed in clinical psychobabble or in Agony Aunt platitudes. It is written in collaboration with several male friends, whose own input is frank and unbiased. I have a twenty-something son, two marriages and an engagement in the rearview mirror, and Iâ€™ve been around the block so many times Iâ€™m almost dizzy with the deja-vuâ€™s. I have begun to see patterns: The Control Freak, the Manipulator, the Inept Bachelor; the Party Girl, Gold Digger, and Man Hater, etc. I have even learned to pay attention to astrological signs. Common traits, donâ€™t you know. Iâ€™ve dated multiple Mike/Michaels, Robs, Johns, and Andys, and to protect their identities, Iâ€™ll refer to them by the name of their favorite beer What this work doesnâ€™t promise is resounding success in your dating life, just more of it and less frustration, and it doesnâ€™t contain a lot of redundant repetition and filler, just a wealth of information. Nor will I disingenuously protect your feelings. Someone has to tell you the blatant truth if you hope to succeed at this game. I can tell you what your friends and family wonâ€™t if they ever hope to speak to you again. Who This Guide Is For It is geared towards singles in their thirties through fifties. Millennials probably wonâ€™t have much truck with this book. They probably donâ€™t even know what that means. I donâ€™t know what a lot of their jargon means. WTF. Letâ€™s get started!
