

This International Standard defines the requirements for equipment, anchorage, supports and accessories for cableway systems for use in stream gauging. Systems which are operated either entirely from the river bank or from a suspended personnel carriage (also called a "cable car") are discussed. This International Standard does not concern methods for making a discharge measurement which are described in ISO 748.

Are We Almost There?, Autoshiatsu: 10 minutos al dia para mejorar tu salud (Spanish Edition), The House of the Vestals: The Investigations of Gordianus the Finder (Roma Sub Rosa series, Book 6)(Library Edition), Upper Mississippi River at Winona (Images of America), The Way Barred (Eden Book 4), United States congressional serial set (Volume 4),
