The news that her parents aren't really her own leaves her angry, devastated and alone. The search for the truth leads her down a dark, desolate forest road where she meets a boy in the shadows who has secrets of his own. Rockland's life has been ruled by an ancient curse since the day he was born. Forever labeled a misfit and a rebel, he is desperate to convince his leaders that integration with the modern world will be the salvation of their kind not their demise. After their worlds collide in the middle of a dark forest, Connie and Rocks strike a deal to help each other find the answers they both need away from her lying parents and the judgmental sneers of his colony. But, can they find love on their journey to discover who they are and where they belong in the world? 2015 New Paranormal Romance Series.
